Summaries	5
Streszczenia	9
<i>Radosław Cellmer, Adam Senetra, Agnieszka Szczepańska</i> Land Value Maps of Naturally Valuable Areas	15
<i>Paweł Ćwiakata, Tomasz Owerko</i> Determination the Accuracy of TELPOD SVP 45 Resistive Sensors as Tools for Measuring the Relative Displacement of Points	25
<i>Wojciech Kocot</i> An Analysis of the Causes of Damage to Reinforced a Concrete Road Viaduct Located in the Mining Area	35
<i>Katarzyna Nosek, Katarzyna Styszko, Janusz Golaś</i> Determination of Acidic Pharmaceuticals in Municipal Wastewater by Using Solid-Phase Extraction Followed by Gas Chromatography-Mass Spectrometry	45
<i>Elżbieta Pastucha</i> Research on the Influence of the Approximated Principal Distance on the Accuracy of Orthophotoplans out of Historic Polychrome (on Flat and Quasi-Flat Surface)	61
<i>Martyna Poręba, François Goulette</i> Assessing the Accuracy of Land-Based Mobile Laser Scanning Data	73
<i>Janusz Rusek</i> Computational Intelligence Methods Concerning the Problem of Modelling Technical Wear of Buildings in Mining Areas	83
Style Sheet	93
