

CONTENTS

Chrystian Mazur	
Safety and health hazards during servicing wells: the example of slickline services	5
Matthew Efe Takerhi	
Separation of natural gas liquids and water from gas condensate	11
Ewa Knapik, Jerzy Stopa	
Kinetic modelling of biosorption for hydrocarbon removal from wastewater using a modified logistic equation	27
Olga Likhacheva, Gleb Kashin, Vadim Mironychev	
The use of passive seismic exploration to identify oil-bearing reservoirs in the Udmurt Republic, Russia	35
Mykhailo Myslyuk, Ruslan Dolyk	
Risk assessment of packed holeassembliesfor rotary well drilling	41
